

Associate Manager

Program

About the Program

The Associate Manager Program is designed to develop employees for future leadership roles with the credit union. Associates gain valuable experience through:

- Classroom training
- Practical on-the-job experience
- Job rotation cycle
- Professional development courses
- Mentoring by Executive Chief

Associates are responsible for learning all aspects of retail banking, commercial banking, consumer lending, and mortgage lending to ensure timely, accurate, and efficient member service.

Qualifications for Training Program

Qualified candidates will possess a Bachelor's Degree in a business-related field and will have demonstrated leadership in their academic and previous work-related experiences.

Strong analytical,
communication, and
time management skills

Ability to work
independently and in
a team environment

Career Opportunity Tracks
